VAULT Object Storage

Benefits

Great Value

Vault Object Storage costs less than traditional cold storage services and is significantly faster than traditional frequent-access storage services.

Simple Pricing

Vault Object Storage eliminates confusing storage tiers and pricing models with no Ingress, Egress or API charges.

Local Storage & Support

Eight availability zones across Australia, Singapore, Indonesia and Australia to ensure your data stays close and with 24x7 on-call support.

Flex with No Contracts

For small storage requirements you can purchase on a PAYG model.
